Dear friend Robinson.

Answering yours of 17th.

Thank you for your good wishes. Yes the book will be in the market for August (Northfield Conf) I will be pleased to have it reviewed in the Presbyterian. but John MacInnes cannot do it. for there is a lengthy letter from him in the book.

The only man that can review the book for the Presbyterian is Stewart Ly. Robinson of Elizabeth. and I am writing to Revell Co. to send you an advance copy for reviewing. You are the very man. That is my opinion & Dr Morgan's. So get at it as soon as possible.

Yes Phila churches are clearing decks. Three men in Phila have recommended me for the Bethany Pastorate and the chairman of Ctte phoned me asking what Sundays in September I have vacant. Ctte meeting this week.

As to Gaston. That church is becoming vacant in September. The Clerk of Session is Mr Benj Kiehl. 3358 Germantown Ave Phila. and Moderator is the departing minister.

Rev Russell Payne 2742 N. 12th St. Phila. Would you care to write to either or both?

Yesterday I preached as supply at Westminster Wilmington and after the service the members of the Ctte that are not on vacation asked me to dinner and stated to me the case for the church

Nothing definite could be arranged but they asked me if I would come sometime in September or Oct. to preach before the members of the Cttee. and the whole Church. I promised to do so. and now I shall await the date.

Things are just moving. It may be the cloud the size of a man's hand. but there are promises.

The chairman of the Cttee for Westminster Wilmington is Mr. Van Gelder. Westminster Presbyterian Church. Wilmington. I may some time later ask you to write to him also.

Now there is nothing more. only an united love to you all.

Sincerely Yours
John Harris

Dear. Mr. Robinson

I was more sorry than I can tell you not to have seen you and Mr Crawford again as we had planned. I was met, as you may have noticed by a multitude of Frances relatives who hundled us about so, until I was quite bewildered

and it wasn't until I found ourselves on the five o'clock train that afternoon en route to Chicago that I began to realize what had happened. I could have wept with disappointment but I shall always have many happy memories of our merry little party both at the table and in the funny old smoking room.

I came back to the hospital this week and it is

so nice to be with the girls again, they are all interested in my trip and seem glad to have me back.

The enclosed picture I think rather good and thought that you would like one too.

I hope you found, that all was well, when you arrived home and I just know how glad they must have been to have you back again.

Kindest regards

Juanita Sears

Dear Stew,

Here's a line. Use it if you can, will you? There used to be young folks in Elizabeth looking for the dragons. If their spiritual fires have not burned out, and if there are others who are waiting for a great challenge, here's something that ought to capture their attention and enlist their volunteering spirits. We need them -- vagabonds for Christ. Could you use a few more of these wee booklets? In the hope that you maybe able to put them where they will count, I am venturing to send you a few more under separate cover. Here's hoping they arrive. Our best to you Stew in your big work and your big opportunity in Elizabeth. Remember me to friends there, please.

And congratulations on your D.D.

Sincerely,

Joe McNeil

ELIZABETH COUNCIL OF CHURCHES
Elizabeth, New Jersey

Dear Friend and Fellow Christian Worker:

The Council of Churches of Elizabeth has undertaken as its first continuous work "The perpetuation of the work of the Church League", with particular emphasis on the possible interchurch phases of that program. Accordingly your Committee on District Group Work, first of all earnestly requests the fullest co-operation of Pastors and all church workers in a concerted effort to reach that large part of our population which is not connected with any church and the youth of our city not attending any Sunday School.

As a first step in this cooperative program, will you not go over the enclosed map and folder and see to it that an interested and capable man or woman is appointed wherever a change seems necessary or desirable, also make additions to Districts and Leaders as desired and return revised list as soon as possible to Frederick R. Starkey, General Secretary, Y. M. C. A. Elizabeth, N. J.

It is the purpose of the Committee to call together the Group Leaders of the various Districts, District by District, at an early date, see that one of their number is selected as District Captain, and that every individual block in the District is assigned to one or more workers for a continuous survey and reporting. This information will be distributed to Group Leaders and Pastors most concerned in the prospects discovered.

To do this on a large scale will naturally require a fine spirit of co-operation on the part of Pastors and Church workers. Your Committee confidently looks forward to your sympathetic interest and helpful suggestions in the working out of all details of the survey, the cultivation of prospects and the incorporation of new members received in the active work of individual churches.

Hoping to receive your revised list at an early date, we are

Yours in Christian cooperation,
Committee on District Group Work

METHODS

of

EFFECTIVE CHURCH GROUPS

I. FOR CONTINUOUS WORK THROUGHOUT THE YEAR.

1. FRIENDLY VISITATION of every home and individual who has any connection with the Church, at least two or three times each year, is one of the best ways to develop a Church and all of its organizations.

2. SOME MAJOR OBJECTIVES of such visitation:

   a. To promote acquaintance and fellowship among all the members.

   b. To promote attendance at the Church services, the Sunday School and all Church activities.

   c. To discover "prospects" for the Sunday School and for Church membership.

   d. To talk with individuals about their personal relation to the Church and to Christ, and if possible to win them to Christ.

   e. To give members of the Church something really worth-while to do, and to develop them in a natural way to be helpful to others.

   f. To encourage and promote conversation about the Church and its significance and about the deeper spiritual values of human life and experience.

3. STUDY OF THE ASSIGNED DISTRICT.

   a. Each Group assigned to a district, should make a complete visitation of all the Church and Sunday School constituency in the district to secure all possible information about persons not attending Sunday School and not members of any local Church.

   b. Keep making a quiet, thorough study of the district with reference to the gradual discovery of all persons who are not affiliated with any Church or Sunday School, in order that they may be wisely approached on this matter.

   c. Leaders of different Church Groups in the same district should keep in close touch with each other especially while the first study of the district is being made.

4. CHURCH FAMILIES.

   a. Study each member and his relation to the Church and its organizations.

   b. Report any special conditions to Group Leader and to Pastor.

   c. Urge church attendance and cooperation in the work of the Church.

   d. Lead all of suitable age to a definite confession of Christ.

5. NEWCOMERS.

   a. Extend the good will and welcome of the Churches.

   b. Give information concerning Churches of the City.

   c. Urge Church members to bring letters and connect themselves immediately with the Church of their choice.

   d. Report Church preferences to the Church indicated, either to the Pastor or the Leader of the Group representing that Church in the district.

   e. Invite entire family to attend Church services, Sunday School, and meetings of Church organizations, and welcome them when they come. Make introductions to other members and officers of organizations.

   f. Urge Christian profession on all non-Christians. Invite them to accompany you to Church.

6. THE UNCHURCHED. Study all the unchurched of the district prayerfully, and find ways for personal conversation about Christ. Suggest the best approach for Pastor and other Christian workers.

7. GROUP MEETINGS. Meet at least monthly in home of Leader or elsewhere in the district for reports, prayer, discussions, new assignments, etc. For the first month or two, a weekly meeting is highly desirable.

8. SPECIAL ASSIGNMENTS. Work out special assignments and problems as requested by Pastor and Group Leader.

9. DISTRICT MEETINGS. Unite with Group Members of all other Churches working in the same district, in special annual or semi-annual district meetings.

10. CARD LISTS. Make card lists covering all information secured on newcomers and the unchurched, and send the same to Leaders of other Church Groups in the district when appropriate.

11. GROUP LEADERS. Leaders of all Groups in any one Church should meet monthly with their Pastor for reports, conference, etc.

12. SIZE OF GROUPS. Not over twelve persons as a rule. If any Group grows much beyond this number, why not divide it?

13. COMPOSITION OF GROUP. Men, women and young people, should as a rule constitute the Groups assigned to districts, so they can deal with all the different types of people in the district.

14. SUNDAY SCHOOL CLASS GROUPS. All older Sunday School Classes should if possible be organized as WORKING GROUPS, under the leadership of their Teacher, but without being assigned to a district. They should follow up all natural contacts.

II. FOR SPECIAL PERIODS OF INTENSIVE WORK.

1. At least two periods of one week each should be used each year for organized visitation of "prospects" by Group members, going two by two, so far as possible. One of these periods may well be near the New Year season, and another near Easter.

2. All Group Leaders, and as many Group members as possible, should attend a series of Fellowship Suppers during these periods of intensive work. This saves more time for actual visitation, gives opportunity for united prayer, for reports of progress and for fresh assignments. Each Group member should if possible give all the evenings of these periods to visitation. Some members of the Groups may also be able to make visits during the afternoons.

3. Record should be kept on "Information Cards" of all interviews with prospective members of the Church or Sunday School.
